About Me

I am a results-driven SEO Specialist with hands-on experience delivering measurable organic growth for businesses in competitive markets. With deep expertise spanning Technical SEO, On-Page Optimization, Off-Page Strategy, Local SEO, and AI-powered search optimization (GEO), I combine data-driven analysis with creative content strategy to drive sustainable traffic growth.

This portfolio documents my work for Express Air Logistics, a Bangalore-based international courier company, where I designed and executed a comprehensive SEO campaign achieving significant improvements across all key performance metrics — from search visibility and keyword rankings to domain authority and Core Web Vitals.
